

Membership Policy

Approved 10/4/18

GFDA values the support of all investors and there is no minimum to be an investor. However, the minimum annual investment required for membership shall be \$1,000. Members have voting rights accorded to members of the corporation as specified in our Bylaws. Furthermore, members who invest \$10,000 or more each year may have a seat on the GFDA Board of Directors if they choose.

The President is authorized to accept in-kind investments in addition to or in lieu of cash if he/she deems the in-kind investment is equivalent to cash for purposes of GFDA.
