1/12/23 (Financials as of December 31, 2022)

This financial report includes GFDA's wholly owned subsidiary AgriTech Park LLC.

It does not include High Plains Financial or AgriTech Park Association which are separate entities.

Days of unrestricted operating cash improved from 150 days at the end of November to 163 days at the end of December. We added the EDA defederalized RLF funds that the Board has designated for lending to the deductions from cash available for operations, a correction from earlier reports. This correction lowered operating days cash from 171 to 163 days, but 163 days is a more accurate calculation. We also found a few mis-coded expenses from previous reports and have moved those to the correct expenses lines. These were minor and did not affect the bottom line, but are important from management's perspective to continue to improve budgeting and tracking.

December was a strong investment month with \$43,371 paid. Revenue continued to run behind budget, but we improved from being \$119,732 behind budget at the end of November to \$94,359 behind budget at the end of December. Management expects to meet revenue targets by year-end, except perhaps for investment and drawdowns of loan capital grants.

We borrowed \$370,000 in December to purchase additional land for the Great Falls AgriTech Park. The land asset was booked as an asset on the balance sheet at the purchase price of \$363,315. After closing we discovered that the 2006 survey we had relied on was inaccurate, resulting in an undercount of acreage by 2-4 acres. We have commissioned a new survey. Our option to purchase was at \$15,000/acre. The seller has offered to split the cost for the adjusted acreage so once the new survey is completed we will need to record a new deed and pay \$7,500 per additional acre.

In January, as of the 13th, we had received an additional \$249,498.50 in SSBCI funds from the state. As approved by the board, we will book half of this as income and adjust the budget in an equal amount. The other half will be reflected on the balance sheet as a noncurrent liability.

One line item on the Income and Expense Statement is highlighted in yellow. In December we finalized and closed out the brownfield cleanup grants to Great Falls Public Schools and to Alluvion Health. These totaled \$107,386. Last spring we had budgeted \$55,000 for this line item because we did not know how much work would be completed by the end of FY 2022. Both cleanup grants came in under the Ikiits approved by the board. Management recommends amending the budget to reflect the full \$107,386. If this is done, it would bring expenses through December to \$140,935 under budget.
