May 6, 2026

Approved 5/29/26

Signed By: Nate Weisenburger, Secretary

Email Vote Request:

We have received a contract extension for our APEX Accelerator for the months of April and May which continues the 70% reimbursement of eligible costs, up to \$30,000 for the two months. We expect any day now to receive the contract extending for up to a year starting June 1st. We did not anticipate any significant change in the 70% reimbursement rate or the dollar amounts.
