# NAVIGATING NAVY SBIR/STTR

INNOVATION & OPPORTUNTIY

**Have an innovative idea or technology with potential Navy applications? You don't have to be a shipbuilder to work with the Navy. Join Montana APEX and our guest presenter, Susie Drummond, with the Department of the Navy SBIR/STTR Engagement Team, to learn how the Department of the Navy's Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) Programs help small businesses fund research and development and move promising ideas toward commercialization.**

**Learn who is eligible, how the three phases of SBIR/STTR work, when the Navy seeks proposals, and how your business can become part of the Navy's innovation pipeline and bring solutions to national defense challenges.**
